-----

NOW, THEREFORE, I, KENNETH A. GIBSON, MAYOR OF THE CITY OF NEWARK, NEW JERSEY, do hereby proclaim SATURDAY, JUNE 26, 1976 as

## TOWN MEETING DAY

in the City of Newark, New Jersey, and urge all our citizens to participate in this worthwhile endeavor.

SIGNED: 

MAYOR

"OUR WAY"  
TUNE - "My Way"

We lived and worked in Newark  
We all had fun in the beginning  
the Streets were safer then  
We said "Hello" to one another  
We breathed a cleaner air and walked  
the parks apleasure there  
Those were the days  
Those were the days  
They're worth repeating  
But now we're at a time  
with greater crime there's too much fear  
Because we sat and watched the things we love just  
disappear  
Our education now is not all that it  
once was rated

This growing lack of pride in Newark-Are we ill-fated  
Now we are proud  
We sing aloud  
We're going to give  
Long as we live  
To build anew the things we want  
with faith and pride and vision too  
We'll do it all  
We'll see it through

We'll ----do it---our---way!

The past was so nice, places to go and things to do, with no worries about crime in the dark or at home.

Lack of consideration and compassion for on another as human beings causes a great deal of strife we now have to face within our community. We notice a great change in the neighborhood. Now you are not able to walk the streets, you fear for your life, because of the many muggings that are going on. Now, the streets are kept very dirty and teenagers start fires.

The future hope of the North Ward is that there are more playgrounds built and better schools and teachers, and more police protection. We must become whole once again, no longer only part of the circle. Sisters and brothers as intended in the beginning must prevail, if we are to survive.

"The Future might be better then now

We need the people who know how

History became a reality.

Our History is made up of memories

Kept in our minds

And they're part of the answer

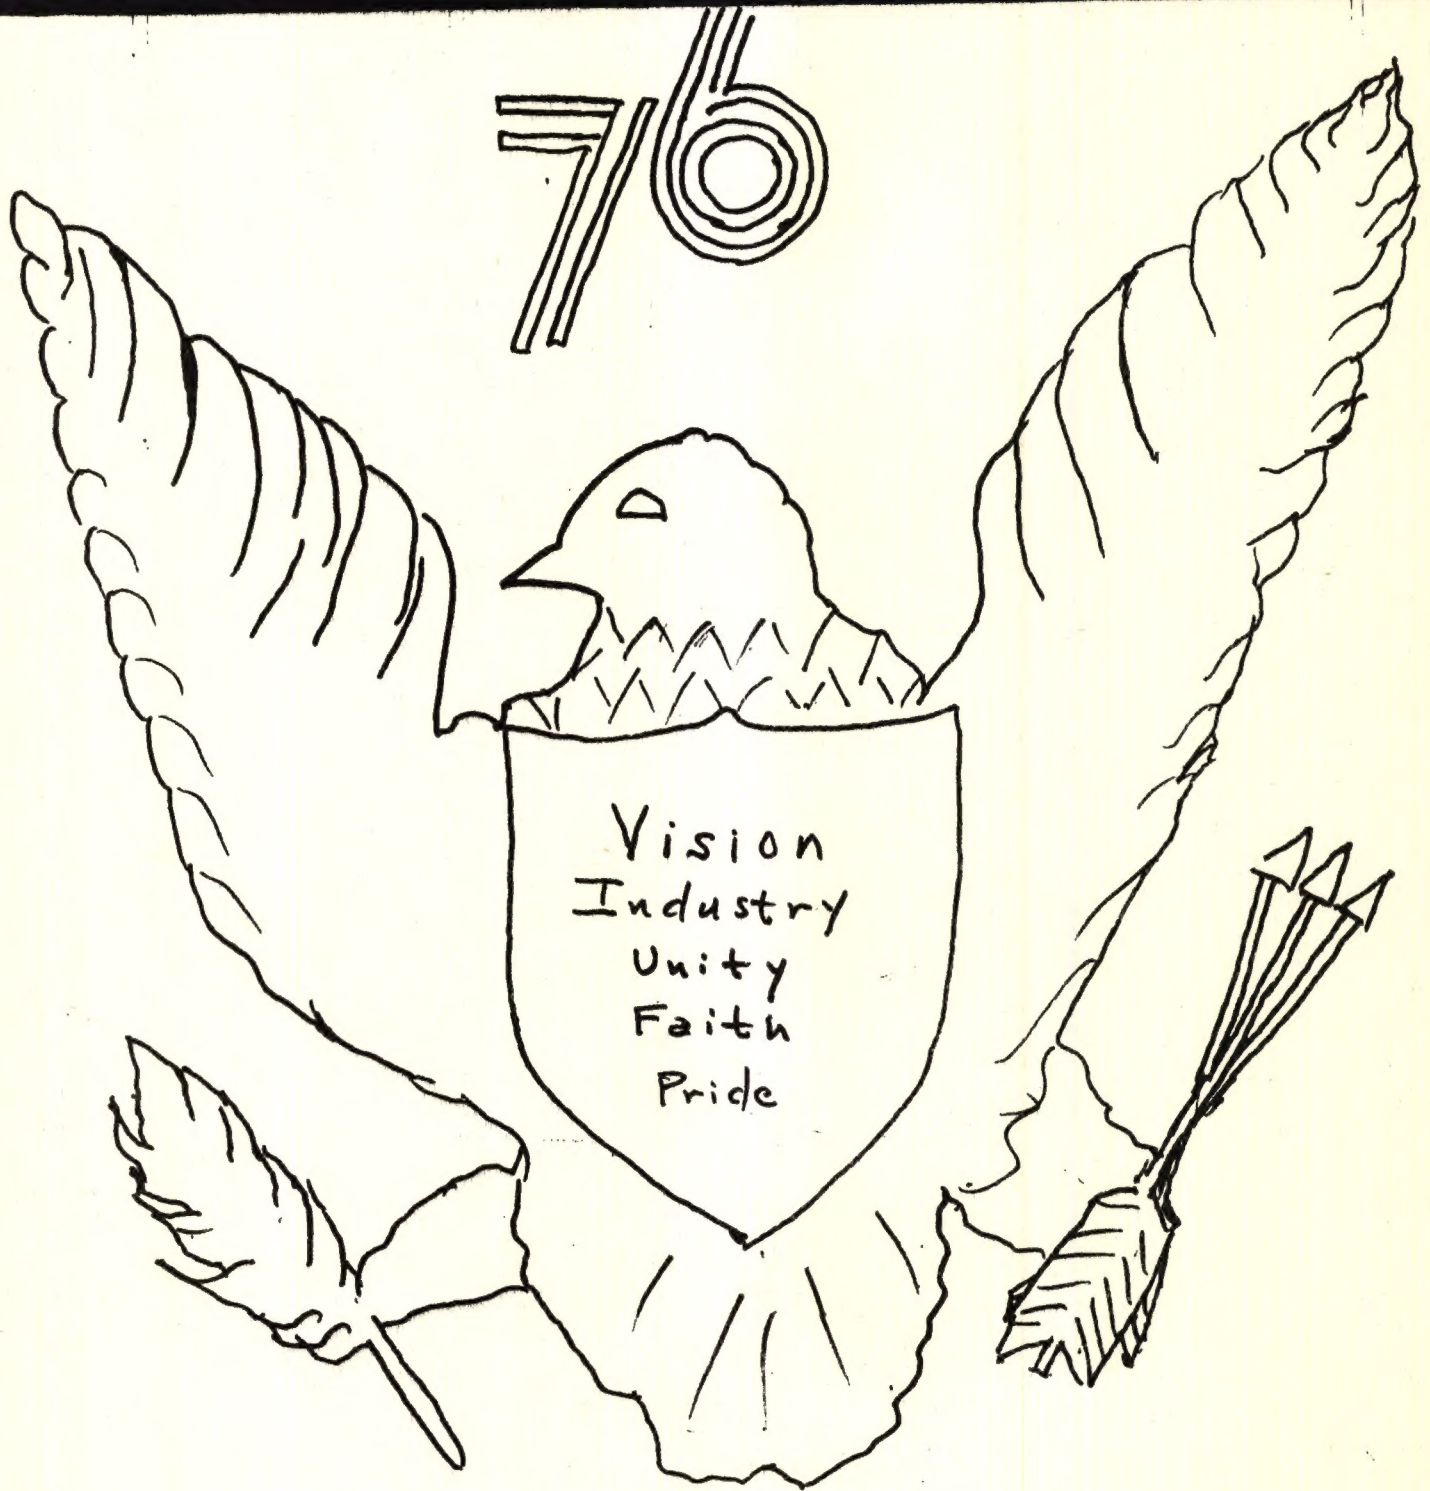

That we've got to find...Now!!

PROPOSALS FOR  
THE ECONOMIC CHALLENGES  
WORKSHOP I

June 26, 1976

GREATER RESPONSIVENESS ON PART OF THE ELECTED OFFICIALS.

We the citizens of The North Ward of Newark, N.J., in order to make the administration and elected officials more responsive to the needs of the community, propose that all elected and appointed officials be held accountable for their ACTIONS through the creation of a citizens' review board and the creation of an official ombudsman.

ATTRACTION OF BUSINESS AND REDUCTION OF TAXES

We the citizens of The North Ward, in order to attract new business and decrease high property taxes, propose State legislature relative to state lands in Newark. Having County rebate on County owned lands and make City Council aware that tax abatement has vital effect on our increase tax rate and decreased tax base, through making City Council aware that 67% is tax-exempt and 37% of Newark is taxed causing an economic problem in Newark. Make Council responsible for ordinances restricting tax abatement and exemptions which would cause a high confiscatory tax rate.

IMPROVED LIFE STYLE

We the citizens of North Ward of Newark, N.J., in order to establish a better public welfare and a better life style and standard of our community propose that more training courses and more scholarships through better wages according to the better qualification and through the establishment of a permanent of town meetings, for advice and complaints.

TO CREATED A SAFER COMMUNITY TO LIVE IN

We the citizens of The North Ward, in order to create a safer community propose that Policemen and firemen should live in the community where they work through a residency law being passed for all City employees.

### HOUSING TO BE PROUD OF

We the citizens of North Ward, Newark, New Jersey in order to have secure, well-maintained housing and to encourage a higher standard of living propose establishing an adequate security system and making the streets and neighborhoods safe through having enough security guards on duty for all housing units, better maintenance of buildings cooperative organizations, more police on the street, patrolled playgrounds, police at the top of the 77 steps at Summer Avenue and Mt. Prospect at the bus stop, and planning a "scatter-site", approach for all new housing construction, since new housing with more open living space is needed!

### HONEST AND EFFECTIVE GOVERNMENT

We the citizens of the North ward of Newark in order to making politicians answerable to the public propose open government through publishing of politicians voting records on all levels, having net worth of politicians made available during the campaigns. Watch dog committee to oversee federal programs.

### NEIGHBORHOOD UNITY

We the citizens of North Ward of Newark in order to interest residents in their community; to instill pride as human beings and within ethnic groups; to discuss and identify issues; and, finally, to bring all people together propose that social events (such as open houses; monthly meetings; welcoming committees) and various clubs (for senior citizens; athletic and recreation activities for youth) be established through organizing and recruiting of community leaders.

### AWARENESS AND INVOLVEMENT IN THE NORTH WARD POLITICAL PROCESS

We the citizens of the North Ward, Newark, N.J. in order to encourage individual awareness and involvement in the political process for the betterment of our community propose to become more familiar with candidates running for office with issues presented by them, to make known our needs, wants, and concerns through organizing bi-monthly town meetings (community facilities to be used) establishing a local "North Ward" newspaper and use of public media eg. T.V.-radio.

### CITY GOVERNMENT

We the citizens of North Ward Newark in order to promote citizens awareness and participation to get officials responses, we propose to have representation at every council meetings throughout. Through developing consensus sharing knowledge joint planning of action.

### COMMUNITY PARTICIPATION

We the citizens of the North Ward in order to get involved in the community we propose to people to go out and vote through putting out flyers and talking to neighbors.

### CITY HALL RESPONSIVENESS

We the citizens of the North Ward of Newark in order to make city Hall responsive to the needs of all the people propose that people have easy access to political leaders through encouraging leaders to practice the "open door" policy, work for updating city laws that enable citizen participation, and reducing the mayors term from 4 to 2 years.

### COMMUNITY PARTICIPATION

We the citizens of the North Ward in order to secure participation in small neighborhood groups propose an overall ward organization that would stimulate small satellite groups through a roster of diverse groups and list of leaders names, addresses and phone numbers, all identifiable groups asked to converge in one overall group, and members should be asked to bring friends and acquaintances to augment numbers.

### RECOVERING OF QUALITY EDUCATION

We the citizens of North Ward of Newark, in order to improve quality of education propose learning the three Rs in a disciplined manner through practicing authority and respect of students and teachers, parents, and concerned citizens taking part in school activities and the bringing back some form of school prayer.
